Machine Setup Menus > System Settings > Tray Paper Setting

Tray Paper Setting

This section describes the user tools in the [Tray Paper Setting] menu under [System Settings].

⬛ Important

* If the specified paper size differs from the actual size of the paper loaded in the paper tray, a misfeed might occur because the correct paper size was not detected.

Paper Size:Tray1

Select the size of the paper loaded in the paper tray 1.

The paper sizes you can set for tray 1 are as follows:

⬤ Region A (mainly Europe and Asia)

A4▯, A5▭, A6▯, B5 JIS▯, $8^1/_2 \times 11$▯,
