DATE:**TO:** Managing Partner / Director of Operations**FROM:** Revenue Integrity Partner Review**RE:** UNCAPTURED UNDERPAYMENTS — PARTNER REVENUE OPPORTUNITY**STATUS:** CONFIDENTIAL**PAGES:** 2**POST-PAYMENT REVENUE GAP IDENTIFIED**

Most billing firms miss recoverable revenue because underpayments rarely show up as denials. These are “paid” claims that are paid incorrectly due to rate logic and contract variance. This is not denial management — this is paid-claim reconciliation.

WHAT WE'RE SEEING ACROSS RCM FIRMS

4–8% of paid claims are underpaid despite clean adjudication. Root causes include:

- Contract rate mismatches
- Modifier mispricing (25, 59, TC/26)
- Payer bundling logic and silent downgrades

These claims never enter AR or follow-up queues, so the revenue is silently lost.

WHY THIS MATTERS TO YOU

Partners use Verifund to:

- Increase client revenue without increasing claim volume
- Improve retention and defensibility
- Unlock contingency upside with minimal staffing impact

NEXT STEP

We're scheduling 15-minute partner walkthroughs to confirm fit and show how underpayments are identified and monetized without disrupting your workflow. White-label capable.
