

**Warranty:**

We offer a twenty-four month warranty on the paid maintenance and/or repair services performed at our authorized service centers following the initial manufacturer's warranty period. See your manufacturer's warranty for more details. In the event of a service claim covered by this warranty, we will, at our discretion and without cost, repair or replace any spare parts and/or rectify a faulty repair as identified by our Customer Service. This warranty does not cover normal wear and tear or damage caused by a customer's accident or negligence. This warranty is rendered void if any work is carried out on the watch outside of our authorized service centers.

**ADDITIONAL INFORMATION**

The following operations are included in the price of a Complete Maintenance Service:

- Dismantling, cleaning, assembly, oiling of the watch movement
- Repair or replacement of worn or damaged movement parts
- Adjustment and regulation of the timekeeping to factory specifications
- Replacement of Crown, Push-Buttons, Gaskets, and Battery (if applicable)
- \*Special Mineral or Sapphire Crystals and precious-metal parts invoiced separately
- Restoration of Water Resistance to factory specifications
- Refurbishment of Case and Bracelet to factory specifications
- Final Visual and Technical Inspection

Our workshops reserve the right to replace the hands, crown, push buttons, and crystal of your watch by original pieces or by OMEGA components of their choice that are comparable, aesthetically similar and maintain the same functionality.

**Quartz watches only, a GCC certificate will be available on request**
