ABCN : N/A

Protocols

Recommended Disposition: Call EMS 911 Now

Protocol One: Abdominal Injury (1986)

Disposition: Call EMS 911 Now - Major bleeding (actively dripping or spurting) that can't be stopped

Care Advice:

REASSURANCE AND EDUCATION - ABDOMINAL PAIN FROM MINOR INJURY:

- A blow to the abdomen can cause some temporary pain.
- Usually, it clears in 20 to 30 minutes.
- If it persists, your child needs to be examined.

DON'T GIVE ANYTHING BY MOUTH:

- Avoid all fluids and food until the pain is gone.
- Avoid pain medicines.

CALL BACK IF:

- Pain becomes severe

- Pain lasts over 1 hour
- Your child becomes worse
